

DEECO metals

BRASS ANCHOR BOLT SYSTEMS

For over a decade **DEECO** has been supplying the metals industry with superior quality products from premier manufacturers both domestically and from around the world. Our customer list demonstrates our commitment to providing outstanding levels of customer service and includes the United States Government, Teledyne, companies of General Motors and Ford Motor Company, Boeing, Los Alamos and Brookhaven National Labs. Very few companies in the world can offer the level of product knowledge Deeco provides its customers.

Deeco Brass Anchor Bolt Systems are made from the highest quality materials using approved ISO and UL manufacturing methods. The material comes with an exclusive Lifetime Warranty*. Our combined experience in the metals industry gives our customers an open door to an unequalled assortment of metal experts and technical specialists in every imaginable field of expertise in our industry. We can also partner with your own research and development team to be sure you are getting the best material for the job. We specialize in investigating alternative materials that reduce cost and increase production.

*Our Lifetime Warranty covers material defects for brass components.
